# MESSAGE

Rtn.Rajesh Hiremath

Congratulations to Rtr Naveen who completed a terrific year, and wish all the very best to Rtr Kiran Raj and his Board for another wonderful Rotaract year. I am excited and pleased to serve as the District Director Youth Services, a role which is very close to my heart. I was a Rotaractor during 1988-1993, and have also served as President, and ZRR. Thanks to the Rotaract movement for honing most of the qualities I possess now, be it in leadership, networking, communication, developing a service mindset. A P J Abdul Kalam said- "My message, especially to young people is to have the courage to think differently, courage to invent, to travel the unexplored path, courage to discover the impossible and to conquer the problems and succeed. These are great qualities that they must work towards. Few of your fellow Rotaractors lived up to this. They took up some daunting tasks- be it the 20000 Km Cycle ride to spread the word on polio, or the 500 Km walk to spread the word on literacy, and have made our District stand on top of the world.

Team- It is an amazing experience to be a Rotaractor, and I wish that all of you will get charged up, unleash your potential to the fullest, do some meaningful act and Be the Inspiration in making a difference to your own lives, and to the lives of the underprivileged.

Best Regards  
Rtn Rajesh Hiremath,

Rtn. Dr. Sameer Hariani  
DISTRICT GOVERNOR ELECT 2018-19, RI Dist. 3190

**My Dear Young Brigade in Rotary,**

Warm Greetings to all of you from my family Rtn. Dr. Roopa, Ritik, Rohan and Rtn. Dr. Sameer Hariani.

I am truly proud and happy that I am part of a District that has such a vibrant and zestful genre of Rotaractors who epitomise Self-Development through Service and Fellowship.

I joined Rotary at an age when most join Rotaract and there has always been that part of me which feels I missed out on a great journey, one that could have been a better foundation for my Rotary journey.

Rotaract has given us great Rotarians, the greatest example being our idol PDG Rajendra Rai.

A few more names that come to mind are Rtns. Fazal, Harshavardhan, Prakash, Hemanth, Balaji, and from my own home Club Rtn. Karthik Kittu.

A lot of my good friends are past Rotaractors namely Adeshwar, Asha, Ayush, Manju, Manu, all of them were gifts to the Rotaract movement.

Recently when Rotary 3190 set out to create awareness on hand wash and hygiene to 1,00,000 children in 500+ schools at the Mega WinS Awareness Drive, IPDRR Rtr. Sahana and her "One Team, One Aim" was our greatest asset. They ensured that Rotary continued to Serve Humanity. I congratulate Rtr. Sahana and her team on the year gone by and wish them all the best for the future.

DRR Rtr. Naveen, you and your team have that 'Golden' opportunity now and seeing your dedication and enthusiasm, I am sure you will create your own legacy, leave a mark and ensure that Rotaract will be making a Difference during 2017-18.

Remember, you are not only the present but also the future of RI District 3190! You always have our best wishes and support! God Bless!

# MESSAGE

Rotaract, for me, is like home.

It's a place where we continue to learn and grow through various experiences and have fun along the way. The Motto of Rotaract- Self Development through Service and Fellowship is justified. Rotaract aims at the all-round development of youth and I can definitely attest to this. As Swami Vivekananda rightfully said- "Youth is the best time. The way in which we utilise this period will decide the nature of coming years that lie ahead of you". Rotaract shapes us, and makes us.

The guidelines and morals of Rotary and Rotaract is the Four-Way Test:

1. Is it the Truth?
2. Is it Fair to All Concerned?
3. Will it build Goodwill and Better Friendships?
4. Will it be beneficial to all concerned?

These set of principles define who we should be and the growth we all need. We have to be proud of the work we do, as one. We need to enjoy and have fun while doing the projects. This brings us closer and helps each of us in better understanding of one another. This helps in building as an individual, treating each other with respect. As a Rotaractor, we have a platform to work with ideas, run with it, and see the miracles that follow. Each of us have the ability to set an example, do Service without any expectations, become a leader.

This year, let us all work together to take a step of change.

# ROTARY

Rotary International is an international service organization whose stated purpose is to bring together business and professional leaders in order to provide Humanitarian Services, encourage high ethical standards in all vocations, and to advance goodwill and peace around the world. It is a non-political and non-sectarian organization open to all people regardless of race, colour, creed, religion, gender, or political preference. There are over 35,489 Member Clubs worldwide. 1.2 million individuals called Rotarians have joined these Clubs. Rotary has a worldwide presence with the exceptions of Greenland (Denmark), Libya, Somalia, Sudan, and some regions of UAE.

Rotarians usually gather weekly for breakfast, lunch, or dinner to fulfil their first guiding principle to develop friendship as an opportunity for service. "It is the duty of all Rotarians," states their *Manual of Procedure* outside their Clubs, to be active as individuals in as many legally constituted groups and organizations as possible to promote, not only in words but through exemplary dedication, awareness of the dignity of all people and the respect of the consequent human rights of the individual. The Rotarian's primary motto is "Service Above Self"; its secondary motto is "One profits most who serves best."

# ROTARACT

Rotaract - An acronym for “Rotary in Action” is the Youth Wing of Rotary International spreading the Joy of Rotary amongst youngsters between ages of 18 and 30. Rotaract is part of the Global effort to bring peace and International understanding to the World. This effort starts at the community level but knows no limit in its outreach.

Rotaract was started in 1968 by Rotary International, an association of Clubs made up of service-minded business and professional leaders. Rotaract Clubs are either Community or Institution based and they are sponsored by a local Rotary Club. This makes them true ‘Partners in Service’ and key members of the family of Rotary.

Rotaract Clubs enable personal and professional growth of Rotaractors, address community needs and promote international understanding through fellowship and service. Rotaract Clubs hold meetings, usually once every two weeks, which feature speakers, discussions and visits to other Clubs. Rotaractors also get together for service projects, social activities and leadership workshops. Beyond the Club level, Rotaractors can take advantage of District conferences, projects and training seminars and participate in an International meeting prior to the Annual Rotary International Convention.

**Rotaract Motto:** The motto *Fellowship above Service* has been adopted for appropriate use by Rotaract Clubs and their members.

# ABOUT FOUNDER OF ROTARY

**Paul Harris**, a lawyer, was the founder of Rotary, the world's largest first international service Club. Paul was born in Racine, Washington USA on 19th April, 1868. He was the second of six children to mother Cornelia and father George Howard Harris. Married to Jean Thomson, the couple had no children. He received the Bachelor of Physical Culture and LLD Degree from the University of Vermont and the LLB Degree from the University of Lowe. He received an honorary Ph.D. in 1933 from the University of Vermont. Paul was a simple person, but his quest for knowledge delayed the start to his law practice.

He decided to travel and gain new experiences in life in the next five years. During this period he travelled all of USA and England and also worked in variety of jobs. In 1896, he set up his law practice at Chicago. He quickly established a good practice. However, lack of friends and absence of interaction between business people made him feel rather lonely. On 23rd February, 1905, Paul Harris formed the first Club with three of his law clients – Sylvester Schiele, a coal merchant, Gustavus Loehr, a mining engineer and Hiram Shorey, a merchant tailor. The nucleus was formed for thousands of Rotary Clubs, which were later organized throughout the world.

Paul was the first President of the National Association and for the International Association. Paul Harris passed away on 27th January, 1947. The growth of Rotary Movement is a true tribute to its founder whose fervent prayer was “God grant that my vision of the faults of men and nations be dimmed and my vision of their virtues be brightened”.

# ROTARY FOUR WAY TEST

One of the most widely printed and quoted statements of business ethics in the world is the Rotary 4-Way Test. Rotarian Herbert J. Taylor created it in 1932 when he was asked to take charge of a company that was facing bankruptcy. Taylor looked for a way to save the struggling company mired in depression caused financial difficulties. He drew up a 24-word code of ethics for all employees to follow in their business and professional lives. The 4-Way Test became the guide for sales, production, advertising and all relations with dealers and customers, and the survival of the company is credited to this simple philosophy.

Herb Taylor became President of Rotary International in 1954-55. The 4-Way Test was adopted by Rotary in 1943, and has been translated into more than a hundred languages and published in thousands of ways.

Of the things we think, say or do:

1. Is it the Truth?
2. Is it Fair to all concerned?
3. Will it Build Goodwill and Better Friendships?
4. Will it be Beneficial to all concerned?

# PROJECT DATABASE

The RI Programs Department acts as a clearinghouse for information on Club and District service activities worldwide. Through its program publications and project database, programs staff can help Rotaractors develop effective service projects by sharing the experience and knowledge of others from around the world.

The Projects Database contains several hundred project models and ideas along with project contact information and resource organizations, providing concise information on Community, Vocational and International Service projects. Rotarians and Rotaractors are encouraged to submit their projects for possible inclusion so that others might benefit from their experience. To obtain information from the Projects Database, contact the Program Department at RI World Headquarters, specifying what types of project examples you are interested in receiving.

# HISTORY OF ROTARACT

Rotaract, Rotary International's Service Club program for young adults aged 18-30, was officially inaugurated during January 1968 under RI President Rtn. Luther Hodges. On 13 March 1968, the Rotaract Club of the University of North Carolina, sponsored by the Rotary Club of North Charlotte, North Carolina, USA, was the first Rotaract Club to receive its official charter. Although this Club is recognized as the first Rotaract Club, Rotarians have been sponsoring similar organizations for young adults since the early 1920s.

The earliest known predecessors to Rotaract, Twenty-Thirty Clubs, were first sponsored by the Rotary Club of Sacramento, California, USA. The Clubs were based on the principles and goals of their sponsoring Rotary Clubs and membership was open to young professionals and university students. The first meeting of Twenty-Thirty Clubs was held on 19 December 1922. At one point, the movement claimed as many as 125 Clubs under the sponsorship of California Rotary Clubs, and published a monthly magazine.

In 1927, Round Table Clubs were founded in Great Britain and Ireland. Membership in Round Table Clubs was open to young men ages 18 to 40, and by 1935, more than 90 Round Table Clubs existed. In November 1930, the first Apex Club was formed in Geelong, Australia. Apex Clubs grew rapidly, expanding to more than 20 Clubs in just a few years. These Clubs were sponsored by Rotary Clubs, and were open to professionals and students between the ages of 18 and 35. Similar Rotary Club sponsored groups continued to spring up simultaneously and independently around the globe. Uniserve Clubs in India, Orbis Clubs in South America, Rotors Clubs in South Africa, Paul Harris Circles in Europe, and Quadrant Clubs in the United States are some of the best-known examples. Eventually, these Clubs would provide the base for the future growth of Rotaract as the Clubs adopted new names under the Rotaract program.

# HISTORY OF ROTARACT

Perhaps the greatest impetus for the creation of the Rotaract program came from Rotary's youth service Club for secondary school students, Interact Clubs. Established in 1962, the Interact program enjoyed immediate success. However, since membership was only open to students in secondary schools, graduated Interactors and Rotarians were soon looking for ways to extend their relationship. Several proposals were brought before the RI Board of Directors to allow membership in Interact Clubs to extend for a few years after graduation. Instead of extending the age requirements for Interact, the Board decided to study the feasibility of creating a new service Club program for young adults at the university and young professional level.

The decision to adopt the Rotaract program came at a time when student protests worldwide were of growing concern to Rotarians. The Rotaract program was adopted not only as means of keeping former Interactors within the Rotary family, but as a means of channelling the energies of young adults into positive activities that could benefit their communities. A special committee was convened to design the new service Club program for young adults during 1966. After polling students at the University of Houston, Texas, USA, the committee decided that "Rotaract" would be the best name for the program - a combination of the words "Rotary" and "action." Coincidentally, the service Club at the University of North Carolina had already adopted the name in 1966, but they coined it as a combination of the names "Rotary" and "Interact." The committee also decided that young women should be allowed to join on equal standing with male members at the discretion of the sponsoring Rotary Club. Within a day of the certification of the Rotaract Club of the University of North Carolina, the Rotaract Club of the University of La Salle was chartered in Tacubaya, Mexico. The Rotaract Clubs of Florence, Italy, Gaston College, North Carolina, and Secunderabad, India, were all certified in the following weeks. The young adults' Clubs that had already existed in many regions fuelled the rapid growth of Rotaract for the first few years.

# ROTARY INTERNATIONAL PROGRAMMES

One of the primary goals of Rotaract Clubs is to provide service both locally and internationally. Rotary International and The Rotary Foundation have a variety of programs, activities and emphases to support the efforts of both Rotary and Rotaract Clubs in developing their service projects. The following section details Rotary International and Rotary Foundation programs, activities and emphases and explains how your Rotaract Club can obtain additional information.

## INTERACT

Interact is an international organization of service and social Clubs for young people aged 12-18 that fosters leadership and responsible citizenship and promotes international understanding and peace. Each Interact Club is sponsored by a local Rotary Club-which acts as an advisor-but Clubs are self-governing and self-supporting. Each year, Interact Clubs complete a community service project and a project that furthers international understanding and goodwill. Interact is also a social organization. Interactors develop a worldwide network of friends through exchanges with local Clubs and those from different countries. Interactors within a community serve as excellent prospects for the local Rotaract Club.

## ROTARY COMMUNITY CORPS (RCC) PROGRAM

The Rotary Community Corps program encourages Rotary and Rotaract Clubs to identify service minded non-Rotarians with leadership potential who require organizational and technical assistance to carry out local community development projects. Through Rotary Club sponsorship, RCCs are organized and receive Rotary/Rotaract/Interact assistance to advance their projects. The purpose of the RCC program is to promote grass-roots, self-help projects, develop local leadership abilities, maximize local resources, and use appropriate cost-efficient technology.

# ROTARY INTERNATIONAL PROGRAMMES

## ROTARY FELLOWSHIPS

These are groups of Rotarians organized by recreational or vocational interests. Rotary fellowships unite Rotarians in friendship and service, the exchange of ideas and the pursuit of International understanding.

## ROTARY VOLUNTEERS PROGRAM

The Rotary Volunteers program links Rotarians and spouses, Rotaractors, Rotary Foundation scholars, and non-Rotarians with exciting volunteer opportunities in community and international service projects. The Rotary Volunteers program is designed to create greater awareness among Rotarians/Rotaractors of volunteer opportunities within their own and other communities, provide expertise and skills not available within the community to service projects, and increase and facilitate participation in all types of volunteer activities.

## ROTARY YOUTH LEADERSHIP AWARDS (RYLA)

Organized at the Rotary Club, district or multi-district level, RYLA seminars focus on topics of interest to students and young professionals. Participants exchange ideas, explore career paths, learn more about Rotary, gain insights for organizing youth and community service projects, and discuss approaches for resolving family, social, and professional problems. The connection between Rotaract and RYLA works on many levels. In some cases, Rotaractors are selected by their Rotary Clubs to participate in the seminar. RYLA seminars also provide Rotaract Clubs with a pool of excellent candidates for Rotaract membership.

## ROTARY FRIENDSHIP EXCHANGE

This programme provides Rotarians the opportunity to experience other cultures by staying in the homes of Rotarians in other countries. The program advances international understanding and peace through personal contact across borders while developing interclub relationships.

# ROTARY INTERNATIONAL PROGRAMMES

## WORLD COMMUNITY SERVICE (WCS) PROGRAM

The purpose of the World Community Service program is to encourage international cooperation; carry out projects to improve living standards and satisfy basic needs; and increase international understanding and goodwill through professional, technical, and material assistance. A World Community Service project is one in which two Clubs from different countries join forces to address a community need by providing international funding, volunteer assistance, or material support. Rotaract Clubs may also list projects that need support in the WCS Projects Exchange with the endorsement of the sponsoring Rotary Club.

## YOUTH EXCHANGE

The Youth Exchange program sends students of secondary school age to engage in study or travel abroad for up to one academic year in order to advance international understanding and goodwill. Youth Exchange students, typically between the ages of 15-19, live with host families and experience first-hand life, culture and education in another country. Sponsored by sending and receiving Rotary Clubs or District, the exchanges are selected according to guidelines and procedures suggested by the RI Board. Returned Youth Exchange students are a great source of potential Rotaract members.

## VOCATIONAL TRAINING TEAM (VTT)

A Vocational Training Team or VTT is a Rotary initiative to broaden the outlook of a Student, practicing a specific Vocation, into a Global view. The duration of this program is 2-3 months and is conducted for students in the age group of 19-25 years.

# ROTARY INTERNATIONAL PROGRAMMES

## HEALTH, HUNGER AND HUMANITY (3-H) GRANTS

Helping Grants are designed to provide support for humanitarian service projects in areas of the world where there is no local Rotary Club or where a local Club cannot significantly contribute to a project. These grants provide up to US \$15,000 matching one dollar for every two contributed by a sponsoring Club or district. Although projects may be funded and monitored by Rotaractors, the Rotaractors' sponsoring Rotary Clubs must approve and sign Helping Grant applications.

## MATCHING GRANTS

A Matching Grant offers matched financial assistance up to US \$50,000 for the purpose of advancing an international Rotary service project. These grants match international Rotary/Rotaract Club contributions or project funds raised jointly between the project's sponsor Club and an international Rotary or Rotaract Club partner. Although projects may be funded and monitored by Rotaractors, the Rotaractors' sponsoring Rotary Clubs must approve and sign Matching Grant applications.

## ROTARY FOUNDATION AMBASSADORIAL SCHOLARSHIPS

Rotary Foundation Ambassadorial Scholarships fund study in another country, during which time scholars serve as goodwill ambassadors and are available to speak about their homeland. Upon return, scholars give talks on their international experiences with an aim to increase world understanding. Scholarships are available from one to three academic years. In addition, there are cultural ambassadorial scholarships for intensive language training and cultural study in another country for either three or six months. (Children and grandchildren of Rotarians are not eligible for these scholarships). For further information on Rotary Programs visit Rotary International's Official Website – [www.Rotary.org](http://www.Rotary.org)

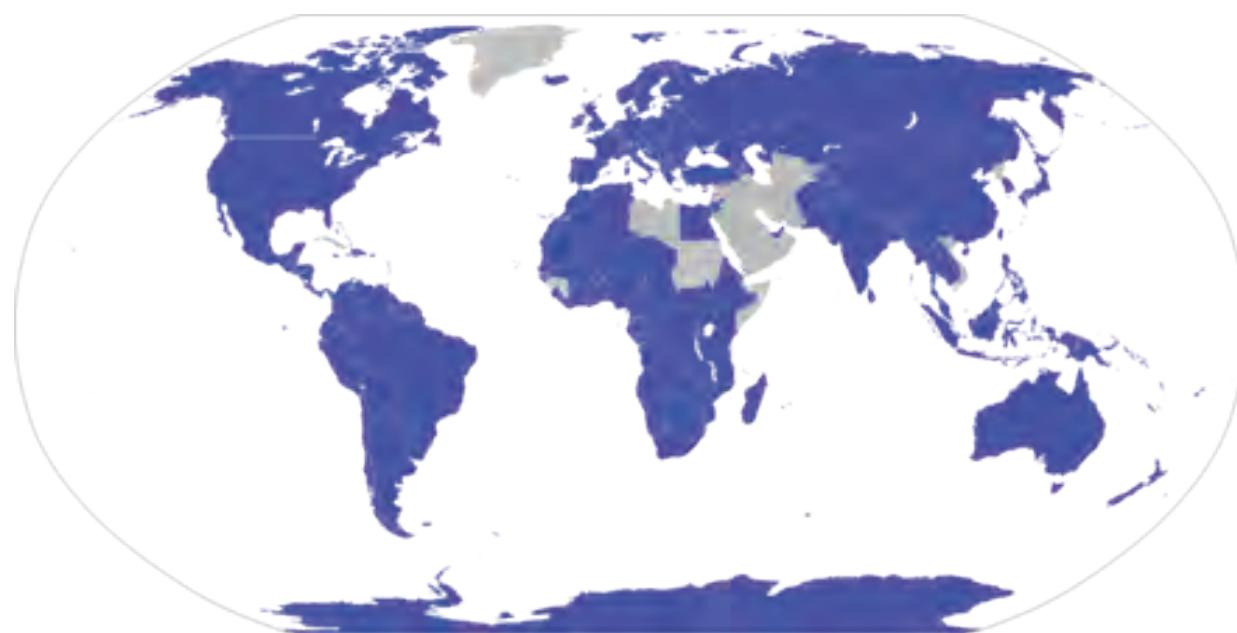

# AREAS OF FOCUS

The Trustees of the Rotary Foundation have identified 6 areas of focus for the new grant structure. These areas reflect critical humanitarian issues and needs that Rotarians/Rotaractors are addressing worldwide. They will align Rotary with other International development efforts and will strategically further the Foundation's mission.

## The 6 Areas of Focus

- 2. Disease Prevention and Treatment**
- 3. Water and Sanitation**
- 4. Maternal and Child Health**

# CLUB SERVICE

Club service is the oldest of the 4 Avenues of Service and it began from the first meeting of the Founder Rotarians at 711, Unity Building Chicago on 23rd February 1905. It involves actions that are must for a Rotaractor within the Club for successful functioning. It provides the foundation for a sound Rotaract Club. It is a fundamental building block of Rotaract.

Club service is the most important part of the Club mechanism, because without a vitally functioning Club, little else can be performed via the other 3 avenues of service. A significant distinction between Club service and other avenues is that Club service is directed toward the internal functioning of the Club - to maintain its health and vigour - while the other avenues are directed toward the local community and the larger world we live in. Club service is where members are educated about the organisation - Rotaract, where fellowship is encouraged and where committees handle Club administration. Club service is nothing but the successful administration and functioning of the Club by paying the dues, by attending meetings, participating in fellowship, bringing in new members, taking part in Club programmes, serving in committees and representing the Club outside.

# COMMUNITY SERVICE

The motto of Rotary and the primary goal of every Rotarian is 'Service Above Self'. The same motto is followed by the Rotaractors. The avenue of Community Service is the Heart of Rotary. It incorporates a wide range of community concerns and needs. The very first step in community service is to recognize the needs of the community and serve for the betterment of the society around us. The needs of the community should be assessed by proper survey and efforts should be taken to meet their needs by this avenue. The needs of one community may not be the same as others. Instead of repeating a service activity that other organizations can do, Rotary and Rotaract can join hands with them to serve the community we should Serve with love and humanity, develop a positive attitude towards service, have man power along with money power and not take it as a load but instead enjoy it. Community service is our best Public Relation tool. Services rendered to the community should be for the empowerment of the community and of practical improvement in the life of the people in the community. From the very first community service project of Rotary in 1907, when Paul Harris led a campaign to have a public restroom installed at city hall in Chicago, Rotarians and Rotaractors have been making substantial and lasting contributions to the communities where they live.

# INTERNATIONAL SERVICE

The avenue of International Service is responsible for enhancing member's knowledge, understanding and appreciation of worldwide needs, problems and opportunities, as well as cultural differences. This avenue focuses on developing activities to promote International understanding and goodwill.

Since Rotaract is an International organisation, it becomes important to maintain the Club's relationship with its sister Clubs overseas, organising events that promote International understanding and other cultures, promoting events for members to attend, including Rotaract conferences overseas. Typically, a Club should do one major event each year that qualifies as an International Service project. This can also include organising for members to volunteer overseas, visit a sister Club overseas, conduct a fundraiser for a Rotary or other International cause or any other event that you consider meets the criteria.

It connects the events with the participants by playing the role of an interface which describes the outline of the event in prior and talks about the impact left behind post-event.

Rotaract having a good set of skilled Rotaractors promotes its events in various innovative ways. And this is one of the reasons it has been able to retain the public connect very eminently.

The avenue of Finance plays a major role in the execution of projects. Most of the projects being executed are scaled depending on the availability of the funds. So, if the events are the vehicles then finance plays the role of the fuel.

# CLUB ADMINISTRATION

## SET YOUR COURSE

Strong leaders can help your Rotaract Club find and retain members, raise funds, and carry out successful projects. The Club's board of directors should be familiar with the Rotaract constitutional documents. In addition, incoming Rotaract Club officers must participate in leadership training offered by the district.

## BOARD OF DIRECTORS

The board of directors serves as the governing body of a Rotaract Club and includes the President, immediate past President, vice President, secretary, treasurer, and any additional officers your Club decides it needs. Rotarian and faculty advisers should regularly attend board meetings to provide guidance. Rotary Club members may also attend these meetings as observers. The board should meet at least once a month and report any action taken at the next Club meeting.

During its meetings, the board reviews and approves the Club's plans and service projects, ensures the Club's financial solvency, and delegates responsibilities. At the end of the Rotary year, the board prepares a final report that describes the major actions taken over the preceding 12 months. A copy of the report should be sent to the sponsor Rotary Club.

# ROLES AND RESPONSIBILITIES

## President

The President's primary role is to ensure that the Club's professional and leadership development activities are successful and that its service projects benefit the community.

Responsibilities include:

- Conducting effective Club meetings with detailed agendas that allow enough time for reports from officers and committee members
- Chairing meetings of the board of directors
- Appointing all standing and special committees, with board approval and serving as an ex officio member of all committees
- Appointing committee chairs based on individuals' experience, and seeking their opinions about committee members
- Delegating responsibilities to help members develop their leadership skills for future Club leadership roles
- Encouraging Club members to get involved in projects by building on their skills and interests
- Ensuring that Club activities and service projects are successfully promoted and executed
- Monitoring membership to maintain an age and gender balance
- Communicating and collaborating with the Rotarian advisor, Rotary Club members, and district Rotaract officers. In university-based Clubs, the President should also consult with the faculty adviser.
- Updating Club information and membership data every six months through Member Access

Every six months, the Rotaract President is required to update Club information and membership data with RI through Member Access at [www.Rotary.org/memberaccess](http://www.Rotary.org/memberaccess). This online process lets RI know that your Club is active, confirms that your contact information is listed correctly in the Worldwide Rotaract Directory, and ensures that your Club is kept up-to-date about Rotaract, preconvention activities, and resources.

Clubs that fail to update Club information and membership data over a two-year period will be terminated.

# ROLES AND RESPONSIBILITIES

## Vice President

The Vice President's primary role is to support the President. Some Clubs may choose to have the incoming President serve as vice President.

Responsibilities include:

- Presiding over meetings in the President's absence
- Serving on the board of directors and as an ex officio member of all committees
- Handling special assignments as directed by the President
- Staying current on Club goals and activities
- Succeeding to the office of President in the event of a vacancy

## Secretary

The secretary's primary responsibility is to help the Club function efficiently. The secretary should be well organized and have good communication skills.

Responsibilities include:

- Maintaining all Club records, including membership, committee appointments, attendance, dues payments, and important Club documents such as the Club's certificate of organization, budgets, and reports
- Notifying the sponsor Rotary Club of Club members who are turning 30, to help it identify potential Rotarians
- Providing Club and member information to the President for regular updates to RI
- Taking minutes — a clear, concise written record of meeting discussion and actions — at all Club meetings. Minutes should cover these points:
  - Date, time, and place
  - Presiding officer
  - Attendance
  - Approval and correction of last meeting's minutes
  - Treasurer's statement
  - Summary of reports from officers and committees
  - Summary of agenda (including old and new business) and actions taken
  - Announcements
  - Adjournment

# ROLES AND RESPONSIBILITIES

## Treasurer

The treasurer works with the secretary to maintain accurate financial records. The treasurer should be a responsible, detail-oriented person.

Responsibilities include:

- Chairing the finance committee
- Collecting membership dues
- Depositing dues and all proceeds from fundraising projects
- Paying all Club bills and reimbursements for Club expenses
- Preparing and administering the budget
- Preparing a monthly report that accurately details
  - Money on hand at the beginning and end of the month
  - Income, with its source (such as membership dues or fundraising) clearly indicated
  - Payments, indicating for what and to whom
- Ensuring that the Club complies with all government financial reporting requirements

The outgoing treasurer should give the end-of-year report to Club members and the incoming treasurer. Treasurer's reports become part of the Club's permanent record.

## Sergeant-at-Arms

The function of the Sergeant-at-Arms is to help maintain an orderly, dignified and effective Club meeting, one that will make the right kind of impression on Club visitors and guests.

The Sergeant-at-arms should be constantly on alert to prevent any occurrence that might de-track the dignity and prestige associated with the Rotaract Clubs. Specifically, your function is to handle the physical preparations for, and the mechanical part of, a meeting and, unobtrusively, to guide its general conduct.

Responsibilities include:

- Make sure that all the members wear their name badges and lapel pins during every meeting of the Club.
- Ensure that the members/dignitaries are seated in correct order as per the seniority in Rotaract and designation
- Maintain discipline in all the Club/district/Rotaract meetings and projects/events.
- Takes care of the registration of the participants at the meeting

# ROLES AND RESPONSIBILITIES

## AVENUE OF SERVICES

Avenues help your Club carry out its activities and projects. The Club President, with the approval of the board, appoints four standing avenues as prescribed by the Standard Rotaract Club Constitution —

- Club Service
- Community Service
- International Service
- Professional Service

Additional committees may be appointed as needed. Board of Directors should meet at least once a month to discuss plans and activities. A committee may divide into subcommittees to accomplish all its tasks. All activities and expenses are subject to the board's approval, so avenue plans should be shared with the Club President.

The committee chair should:

- Notify committee members of the date, time, place, and subject of meetings
- Prepare and follow meeting agendas
- Assign tasks to each committee member and keep track of these assignments
- Be prepared to report back to the Club's board

Following are the responsibilities of the four standing committees:

# **GUIDELINES**

# VISUAL GUIDELINES

## Logos - Rotaract

The Rotaract signature consists of the Rotaract wordmark (Rotaract name above Rotary endorsement line) + Rotary endorsement line + the Mark of Excellence (Rotary wheel) in Cranberry.

Always use the Rotary endorsement line to link the Rotaract identity back to Rotary.

The signature system allows you to identify your Club or university name on all your communication material. Rotary licensees will also be able to feature these signatures on merchandise. The preferred configuration is Rotaract signature followed by [Club Name] or [University Name]. We've provided an alternative to cover variations of Club names.

The positioning and size relationship between the Rotaract wordmark + Rotary endorsement line + the wheel are fixed and should not be altered.

## Signature - Rotary Youth Exchange

Lockups may be used in smaller applications, such as digital, confined spaces, or embroidery, to show a relationship between Rotary and Youth Exchange. This consists of the district or Club signature in conjunction with the program text, which can be styled in any of our official fonts.

For more details, see our complete guidelines in the Brand Centre at [Rotary.org/brand](https://Rotary.org/brand) centre.

Use the simplified Rotary Club or District Signature when creating embroidery.

# VISUAL GUIDELINES

You can create a unique look for your Club, district, or multidistrict Rotary Youth Leadership Awards program. This consists of the Club or district signature along with a graphic or text treatment as seen in the examples to the right.

In applications such as T-shirts, pins, brochures, and other promotional materials, the graphic or text treatment of the program name should be big and bold and close to the district or Club signature. Create your Club or district signature in the Brand Center at [Rotary.org/brandcenter](http://Rotary.org/brandcenter).

# CLUB INSTALLATION

Everyone in a Rotaract Club is important for its success. The members, advisors, junior leaders, parents and officers all contribute to the successful Rotaract Club in which each member learns something and has fun.

Strong, dedicated and responsible officers are vital to the success of a Rotaract Club. Being chosen as a Club Officer is an honour and responsibility which deserves recognition. Recognition brings pride to the officer and good officers take pride in their jobs. An Installation Ceremony helps assure responsible officers.

Club Installation is the most august occasion when the Club's New President and the office bearers are officials announced and installed. In this occasion, the Club's ex-officials are acknowledged and thanked for their dedicated effort while the new office bearers are greeted and given a charge for a year ahead.

## Few Suggestions for a successful installation

- Officers should be installed in the descending order; with the President being installed first followed by other office bearers (as the President introduces his/her board).
- The order of speakers in the ascending order (based on Rotary Terms); with Rotaractors speaking first followed by Institution Delegates (for Institution Based Clubs), Rotary Delegates on dais, and the order ending with District Governor addressing the gathering.
- Rehearsing the ceremony will help assure that the installation services will go smoothly.
- Inviting of the parents of the office bearers to the installation ceremony will give pride and prestige to the occasion.
- A picture of the new office bearers for a Club scrapbook will add to the honour.

# DRR's OFFICIAL VISIT (DOV)

The purpose of the DRR visit to the Club is to understand how the Club is functioning. This is not an inspection or fault-finding mission. This visit will provide the district an insight into the Club's activities. The visit is primarily to understand some of the best practices followed by the club and share with others, while also suggesting some best practices followed by other clubs too, solely with the intent to make Rotaract in the District 3190 better, more productive and much more vibrant. The Club records and reports need to be maintained and produced when requested to validate the activities.

It is a mandatory event of the Rotaract Club in Rotary International District 3190 to conduct a DRR Official Visit. The District Rotaract Representative will visit the Clubs in the District to review the functioning of the Club. The Clubs are expected to produce their reports, accounts (optional), etc to the DRR. - Ensure that your preferred dates are between 21st March 2018 to 20th May 2018
- Inform the ZRR & District Joint Secretary (DJS) about the dates once you get a confirmation of your DRR's Official Visit Dates from the DRR.
- Consult your ZRR/DJS for any help and assistance needed and keep them posted about your preparations. They might be able to give valuable inputs to your DOV. Be sure to send the summary of Club's plans and objectives to the DRR over mail at least a week in advance before your DOV dates so that the DRR can come prepared for the DOV knowing your plans and vision.
- Ensure that you communicate the Date, Venue and Time to all the District members at least 15 days in advance of the DOV; this will facilitate maximum attendance of the council members at your DOV.
- Ensure that the Parent Rotary President, Secretary, Rotaract Committee Chair at least are present for the DOV.

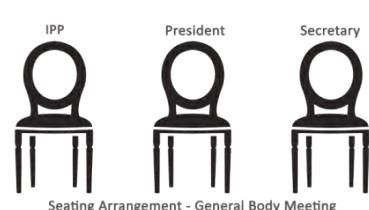

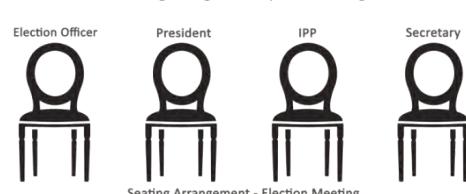

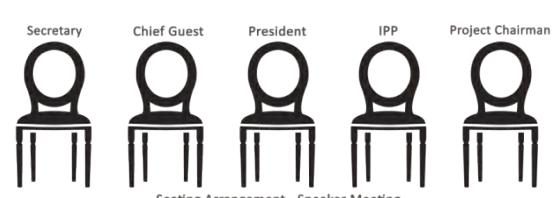

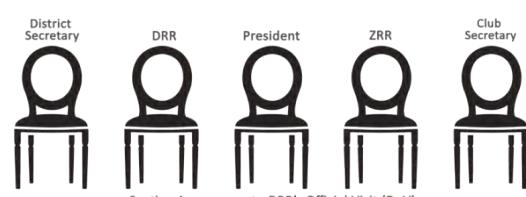

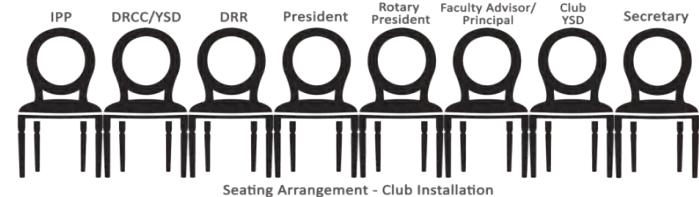

### Step 2: Always Remember

- Don't take the DOV as an inspection where you and the members are going to be questioned and interrogated. The DRR is your friend and the council members are your well-wishers, hence treat the DOV as a medium to gather feedback and exchange ideas.

### Step 3: For the Day

- DOV would begin with a closed-door meeting with the Club Officials. This is done to ensure that the information sought is best discussed in private. This meeting is where feedback and exchange of ideas can take place between the district council members and the Club board of directors.
- This should be followed by the general body meeting where the DRR

# RSA MDIO

## **MDIO - Multi District Information Organization**

Rotaract Multidistrict Information Organizations (MDIOs) function as regional resource centres for Rotaractors. They comprise Rotaract Clubs in two or more districts, within a country or across several countries. MDIOs are formed to disseminate information and facilitate communication among Rotaract Clubs in the participating districts. Rotaract MDIOs are excellent vehicles for communicating program updates, local and international news, and event bulletins, and for uniting Rotaractors from different Clubs and districts within a region. MDIOs frequently offer Rotaractors information in the form of publications, Internet services, and direct links with RI staff. Get in touch with representatives of the participating districts for more information.

## **RSAMDIO - Rotaract South Asia MDIO**

With the growing movement of Rotaract in South Asia comprising of Rotary International Zones 4, 5 & 6A which corresponds to SAARC nations geographically, there was a need of an information organization which can facilitate communication between various districts in the area and thus idea of starting an MDIO was originated. PDRR and now a Rotarian, Karthik Kittu of R I district 3190 along with PDRR Rtn. Thansen Pandi of R I District 3150 and a few Past District Rotaract Representatives of area worked very hard and finally succeeded on 19 July 2010 to establish one of the largest MDIOs - RSAMDIO. Since its inception, it has progressed very well and it is evident from the speed at which RSAMDIO is growing. The focus of RSAMDIO is to disseminate information. MDIO does not allow any of its board members to interfere in any matter of a particular district. This organization is also involved in training the DRRs and other officials of the district through organizing Rotaract Zone Institutes in the area where it mainly plays a role of mentor. It also guides and helps the district which is hosting Rotasia. RSAMDIO has its own website and a monthly bulletin which serves its prime purpose. Apart from this, RSAMDIO also has an online application (at present only for android platform) called "DIRECTROTA+" for facilitating the communication and information about Rotaract worldwide.

# ROTASIA

Rotasia is an international conference of Rotaractors and Rotaract Clubs in South Asia. It is an international gathering of Rotaractors in the region to exchange information, enhance fellowship, build networks and concentrate ideas and efforts to work together for a common agenda of youths in general. ROTASIA is generally understood as a 3-4-day conference for youth with invitees from Rotary.

# INTEROTA

Interota is a triennial worldwide Rotaract meeting organized by Rotaractors and hosted on a rotating basis in different cities. First held in Johannesburg, South Africa in 1981, Interota has been subsequently held in a number of countries, including Australia, UK, Turkey, Mexico, Brazil, Germany, South Korea, Egypt, and Canada. Interota is the only International Rotaract conference recognized by the Board of Rotary International. Rotary International supports Interota by approving its program content and ensuring that RI leadership is represented at the event.

In 2017, Interota was held from September 2 to September 6 in Taipei, Taiwan. The 5-day-4-night conference offered diversified programs, including keynote speech, workshops, discussions, cultural activities, service projects, and tours. Rotaractors from all over the world joined together to exchange ideas, share experiences, learn different cultures, and celebrate the milestone of 50 years of Rotaract. The spirit of "Amazing 50, Connecting Diversity!" was celebrated.
